About Me

Passionate B.Tech student at IILM University with a strong foundation in frontend development and a keen interest in backend technologies. Skilled in Flutter, React, and Next.js, with hands-on experience in AI-enabled workflows and full-stack projects. Seeking opportunities to apply my skills, learn new technologies, and contribute to meaningful projects in a growth-oriented environment.

Skills

- **Programming Languages:** Python, Dart, Java, C, SQL
- **Frameworks & Libraries:** Flutter, React, Next.js
- **Tools & Platforms:** Firebase (Auth, Firestore, Storage), Supabase, Git, Vercel, Canva, Notion
- **AI / ML:** LLMs, RAG (Retrieval-Augmented Generation)

Experience

- **Stucknot — Flutter Developer Intern (Dec 2024 – Feb 2025):** Contributed to front-end tasks including responsive UI design and bug fixes. Implemented MVVM + Clean Architecture with SOLID principles to improve code modularity and maintainability. Improved user interactivity for various client projects.
- **Stucknot — Engineer Intern (May 2025 – July 2025):** Gained foundational knowledge of LLM and RAG through hands-on project involvement. Worked with various scripts to support development workflows and feature implementation. Assisted in building and refining AI-enabled workflows, improving automation and feature performance.

Projects

- **Customer Management Application (Flutter & Firebase):** Shop-focused customer management system with secure Firestore data storage, automated 2-month follow-up reminders, and a streamlined interface to improve customer retention and engagement.
- **Prime Forensics Website — primeforensics.in (Next.js & React):** Developed a professional web platform for a forensic investigation firm offering digital forensics, mobile forensics, data recovery, and email tracking services. Built service-showcase pages, integrated Section 65B certification details, and implemented a client inquiry contact system. Designed responsive UI for corporate and individual client use cases including background verification, insurance fraud detection, and forensic training.

Education

- **IILM University, Greater Noida (2023–2027)** — B.Tech Computer Science & Engineering
- **Class XII, Guru Harkrishan Public School, Hemkunt Colony (2022–2023)**
- **Class X, Guru Harkrishan Public School, Hemkunt Colony (2020–2021)**

Certifications

- Python for Everybody — Infosys, April 2025
- C Programming — Infosys, Feb 2025
- Introduction to Flutter — SkillUp

Achievements & Extra Curricular Activities

- Hackathon Participant: Competed in events like Smart India Hackathon.
- Volunteered in organizing college fests and events.

Hobbies

- Building various types of UI in Flutter & React
- Competitive coding and problem-solving (LeetCode)
- Content creating for social media
